	<p>governmental agencies. Corrections officers are customarily required to meet certain training standards and, in some instances, facility personnel are required to be licensed and subject to background investigation. Certain jurisdictions also require us to award subcontracts on a competitive basis or to subcontract with certain types of businesses, such as small businesses and businesses owned by members of minority groups. Our facilities are also subject to operational and financial audits by the governmental agencies with which we have contracts. New federal regulations also require federal government contractors like us to self-report evidence of certain forms of misconduct. We may not always successfully comply with these regulations, and failure to comply can result in material penalties, including financial penalties, non-renewal or termination of facility management contracts, and suspension or debarment from contracting with certain government entities.</p> <p style="text-align: center;">* * *</p> <p><i>Government agencies may investigate and audit our contracts and, if any improprieties are found, we may be required to refund revenues we have received, to forego anticipated revenues, and we may be subject to penalties and sanctions, including prohibitions on our bidding in response to RFPs.</i> Certain of the governmental agencies with which we contract have the authority to audit and investigate our contracts with them. As part of that process, government agencies may review our performance of the contract, our pricing practices, our cost structure and our compliance with applicable performance requirements, laws, regulations and standards. The regulatory and contractual environment in which we operate is complex and many aspects of our operations remain subject to manual processes and oversight that make compliance monitoring</p>

	<p>difficult and resource intensive. For contracts that actually or effectively provide for certain reimbursement of expenses, if an agency determines that we have improperly allocated costs to a specific contract, we may not be reimbursed for those costs, and we could be required to refund the amount of any such costs that have been reimbursed. If a government audit asserts improper or illegal activities by us, we may be subject to civil and criminal penalties and administrative sanctions, including termination of contracts, forfeitures of profits, suspension of payments, fines and suspension or disqualification from doing business with certain government entities. In February 2014, we reached an agreement to pay \$1.0 million in compensation to the state of Idaho regarding contractual disputes related to staffing at the Idaho Correctional Center stemming in part from an audit by the Idaho Department of Corrections. In addition to the potential civil and criminal penalties and administrative sanctions noted above, any adverse determination with respect to contractual or regulatory violations could negatively impact our ability to bid in response to RFPs in one or more jurisdictions.</p> <p style="text-align: center;">* * *</p> <p>In addition, the services we provide are labor-intensive. When we are awarded a facility management contract or open a new facility, we must hire operating management, correctional officers, and other personnel. The success of our business requires that we attract, develop, and retain these personnel. Our inability to hire sufficient qualified personnel on a timely basis or the loss of significant numbers of personnel at existing facilities could adversely affect our business and operations. Under many of our contracts, we are subject to financial penalties for insufficient staffing.</p>

	<p>savings, and offender programming opportunities we can provide. Further, we expect our partners to continue to face challenges in maintaining old facilities, and developing new facilities and additional capacity which could result in future demand for the solutions we provide.</p> <p><u>1 & 3:</u></p> <p>We believe our renewal rate on existing contracts remains high as a result of a variety of reasons including, but not limited to, the constrained supply of available beds within the U.S. correctional system, our ownership of the majority of the beds we operate, and the quality of our operations.</p> <p><u>3:</u></p> <p>Despite our increase in federal revenue, inmate populations in federal facilities, particularly within the BOP system nationwide, have declined over the past two years. Inmate populations in the BOP system are expected to decline further in the fourth quarter of 2015, and potentially future quarters, primarily due to the retroactive application of changes to sentencing guidelines applicable to federal drug trafficking offenses. However, we do not expect a significant impact because BOP inmate populations within our facilities are primarily criminal aliens incarcerated for immigration violations rather than drug trafficking offenses. Nonetheless, increases in capacity within the federal system could result in a decline in BOP populations within our facilities.</p>	<p>CORECIVIC_2079567; CORECIVIC_0660301; CORECIVIC_0125304; CORECIVIC_1848098; CORECIVIC_0050272; CORECIVIC_0050274; CORECIVIC_0961357; CORECIVIC_0050276; CORECIVIC_0050255; CORECIVIC_0990129; CORECIVIC_0991634; CORECIVIC_1084355; CORECIVIC_1086703; CORECIVIC_1086664; CORECIVIC_1131928; CORECIVIC_1272221; CORECIVIC_0990186; CORECIVIC_0024796; CORECIVIC_0761728; CORECIVIC_1084392; CORECIVIC_1969691; CORECIVIC_0683222; CORECIVIC_1084370; CORECIVIC_1233702; CORECIVIC_0990200; CORECIVIC_2155593; CORECIVIC_0043786; CORECIVIC_1084364; CORECIVIC_1048594; CORECIVIC_1084374; CORECIVIC_1084378; CORECIVIC_0024798; CORECIVIC_0990221; CORECIVIC_0375313; CORECIVIC_0960355; CORECIVIC_0080462; CORECIVIC_1272428; CORECIVIC_1084381; CORECIVIC_1086670; CORECIVIC_1001311; CORECIVIC_1001430; CORECIVIC_1145995; CORECIVIC_0059412; CORECIVIC_1273149;</p>
